Honor President Mason

Your Fort Hays State University Foundation is pleased to announce a way for the Tiger family to honor President Mason and welcome her back home to Fort Hays State - www.ifedthetiger.com.

The FHSU Foundation evolved its annual I Fed the Tiger campaign into a year-round online crowdfunding platform. This will make an incredible impact on the projects our students are passionate about.

I Fed the Tiger empowers FHSU organizations to share their fundraising projects with the campus community (students, faculty and staff), alumni, family and friends of the university in a convenient online approach — each for approximately one month's time.

There are three campaigns kicking off the new ifedthetiger.com. First, is the Student Emergency Fund, which President Mason created in 2013 while serving as FHSU's vice president for student affairs. The other two are in support of FHSU football and the Tiger marching band, which both unite our community.

Please consider making a tax-deductible gift in honor of President Mason today!

Be sure to check the website often to see what Fort Hays State's various organizations are planning and how they could benefit from your support.

International Faculty Support

We have a new International Faculty support group, which has recently been formed by staff recruited last year to FHSU, across a range of departments. This voluntary group is planning to meet soon, and socially to offer you support and guidance in your international move to Hays. So whether it's what health plan to choose or even driving, buying a car or a house, we have been through the steps and decision making processes, so if you'd like to meet with the current group, please contact the group organizer, Dr. James Smith (x4203) to introduce yourself and get details of our first 2018/19 meeting.

We'd like to help as soon as possible, so we look forward to meeting you in the very near future...

On-Campus Advisor Needed for New Organization!

Are you looking for a service opportunity on campus? Do you enjoy being outdoors? Then this message is for you!

Several students are interested in re-starting the FHSU Ducks Unlimited chapter. Ducks Unlimited is a 501 (c3) non-profit organization. Their mission is to conserve, restore, and manage wetlands and waterfowl habitat. There is some history with FHSU and Ducks Unlimited, but the organization was last active in 2012.

To learn more about student organization requirements on campus, visit the Center for Student Involvement page at <https://fhsu.edu/csi/stuorg/index>.

If you have an interest in being involved with this newly energized organization, please contact one of the primary student leaders: Chase Ryan at 785-282-8546 or cmryan2@mail.fhsu.edu, or Dalton Oliver at 785-620-7106 or oliver23pro@gmail.com.

3 Minutes With: Dr. Beth Walizer and Ilos

The Tiger Learn Blog is excited to announce a new episode of the new series 3 Minutes With. In 3 Minutes With, faculty at FHSU take center stage and demonstrate how they have used different tools to assist in their courses and further engage students. In this edition of 3 Minutes With, Dr. Beth Walizer, Professor of Teacher Education, demonstrates how she used ilos (which is now called VidGrid), TILT's video platform.

You can watch the new 3 Minutes With at the following link: <http://tigerlearn.fhsu.edu/3-minutes-with-dr-beth-walizer-ilos/>.

Updates for Scantron Bubble Sheet Scanning and Reporting

The standalone scanner that Teaching Innovation and Learning Technologies previously used to scan test sheets has reached its end of life. We have used this as an opportunity to streamline the scanning process by adopting an updated version of the software used to create reports. The two steps that will impact faculty scantron users are as follows. **First, faculty will no longer have to pick up testing sheets from the TILT office.** The new software will utilize new forms that do not need to be specially printed. You will be able to print your own test sheets by downloading the PDF and printing the exact number you require at the following URL: <http://tigerlearn.fhsu.edu/wp-content/uploads/200-Question-Form-Remark.pdf>. For any exam please use the new sheets. **If you still have the original testing sheets they will no longer work since they cannot be scanned in our multifunction printers.**

Second, the new software allows you to utilize the multifunction printers in your departments faculty to scan finished exams. Once scanned you only need to email us the resulting PDF document to Tigerlearn@fhsu.edu. **There will be no need to carry the physical sheets to Tomanek Hall for processing.** The linked tutorial explains the process: [Scan and Email Exams](#).

Finally, the new software reads any marks on testing forms, eliminating the requirement for #2 pencils. However, it may make sense to continue requiring the use of #2 pencils since marks created in pen will not be easy to erase.

Please let me know if you have any questions or would like us to walk you through the process. On a related note, many faculty have had great success transitioning to Akindi. Michell Van Der Wege, from the Nursing Department gave a great demonstration at Professional Development Day. [Follow this link for more information.](#)

Honors Course Proposals Deadline

The Fort Hays State University Honors College is now accepting Honors Course Proposals for the Fall 2019 Academic Semester.

The Honors College is looking for exceptional faculty to teach courses to outstanding students on campus. Participating in one of the university's Programs of Distinction is a chance to expand learning opportunities for students, as well as experiment with new strategies in and out of the classroom.

While FHSU strives for academic excellence in all classes, at the heart of a successful honors program is the unique interaction between teacher and student made possible by the opportunities in an honors course. Intellectual challenge is supported by pedagogy that stimulates students to think about topics in new ways, explore subject matter in greater depth or breadth, and gain first-hand exposure to issues through experiential learning. Quality is valued over quantity through rigorous

and deeper course work that provides opportunities not available in tradition courses. Interactivity is not only gratifying in an honors course, but central to its success whether a debate, discussion, or connection outside the classroom.

The deadline for all Honors course proposals is **October 5th, 2018**. The application form, as well as more information about the process and examples, can be found at <https://www.fhsu.edu/honors/Resources-and-Forms/>. All applications can be emailed to Jensen Scheele, Honors College Administrative Specialist, at jnscheele@fhsu.edu.

If you have any questions about Honors Courses, please feel free to contact Dr. Carol Patrick at clpatrick@fhsu.edu or 785-628-4406.
